

QUALITY, TESTED, MANUFACTURER WARRANTY

The Sechrist name is synonymous with quality, innovation, safety, reliability and service. Sechrist monoplace hyperbaric chambers have set the highest standards for hyperbaric systems in the market. Peace of mind and confidence come standard with ownership of a Sechrist chamber.

Our CPO program delivers the trusted quality, safety, and service Sechrist is known for at significant savings over new systems.

Unlike used chambers from the secondary market, Sechrist Certified units are fully inspected, refurbished, and backed by our expertise, giving you confidence and peace of mind.

Now, owning a Sechrist chamber is more affordable than ever without compromising on excellence.

MEET YOUR NEEDS

CPO buyers receive the same comprehensive support as new chamber customers, including:

- Site planning & oxygen system guidance.
- Installation requirements & relocation support.
- On-site setup & technical training.
- Ancillary items, accessories & account assistance.

Sechrist tailors every service to your facility's specific needs.

Availability may include various chamber colors and both Classic and Gurney Storage models. The Gurney Storage model features Sechrist's exclusive Low Profile Gurney, which stores beneath the chamber. E-Gurney options may also be available—contact your Sechrist Sales representative for details.

ADVANTAGES OF PRE-OWNED

Before a Sechrist Pre-Owned chamber can receive the distinction of being certified and backed by Sechrist Industries, Inc., the chamber's maintenance status is brought up to date with authentic Sechrist parts.

Afterwards, it is subjected to and must pass a detailed, rigorous examination and assessment of major functions and systems including a comprehensive inspection. Other advantages include:

- Updates to the latest specification of current production models.
- All replacement parts are genuine authorized parts that have met the high standards established by Sechrist Industries.
- Full Quality Control testing and verification.
- Extremely high servicing requirements with routine audits against those requirements for all products including Certified Pre-Owned chambers.

WARRANTY AND MAINTENANCE

- All Sechrist Certified Pre-Owned chambers come with a warranty directly from Sechrist Industries, Inc.
- All Sechrist Certified Pre-Owned chambers with cylinders that are 10 years and older will have the PVHO-2 Maintenance Viewport Inspection.
- All annual service and maintenance program options are available.
- All customers have access to the Sechrist technical team 24/7.

TYPES OF PRE-OWNED CHAMBERS

Sechrist offers two types of Pre-Owned hyperbaric chambers to meet a range of needs and budgets: **Standard CPO** and **Refurbished**. Standard chambers are sold in “as-is” condition. Refurbished chambers undergo a full mechanical overhaul and receive a new acrylic cylinder. The chart below highlights the key differences between the two options.
